Wireless-N Broadband Router

Wireless N Technology up to 300Mbps

Greater Coverage around
Your Home or Office

WPS for Simply Network Security

BRIEF INTRODUCTION

W307R Wireless Broadband Router, based on MIMO technology while backward compatible with wireless b/g, delivers a maximum speed of up to 300Mbps and extends your wireless coverage. Integrating wireless router, switch and firewall into one, it is a total network solution for small offices and families. W307R upgrades your current network from 54Mbps to 300Mbps, enabling you to enjoy streaming HD movies, online gaming and share big files from multiple PCs simultaneously.
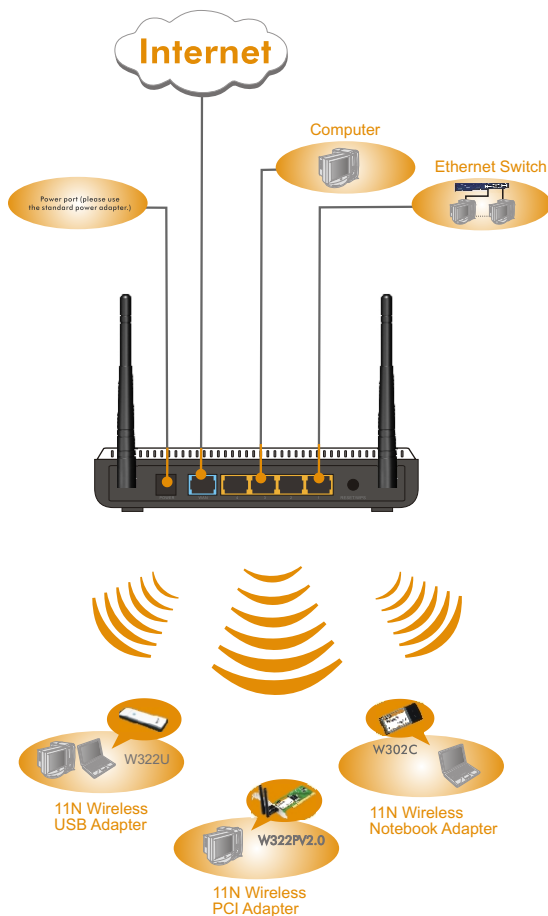

PRODUCT FEATURES

➡ Up to 300Mbps Uploading and Downloading Speed

➡ Integrates AP, Wireless Router, Switch and Firewall

➡ Bandwidth Control (QoS) over Specific Computer's
   Downloading Speed

➡ Easy Setup with Tenda Setup wizard or Simple Web
   configuration

TECHNICAL SPECIFICATIONS

Standards	IEEE 802.3, IEEE 802.3u, IEEE802.11b, IEEE802.11g, IEEE802.11n
Connection type	Dynamic IP, Static IP, PPPoE, PPTP, L2TP
Encryption mode	64/128-bit WEP, WPA/WPA2 and WPA-PSK/WPA2-PSK
Max.Wireless Speed	Up to 300Mbps
Frequency	2.4-2.5GHz
Interface	1 Power Port,1 WAN port, 4 LAN Ports
Buttons	Reset, WPS
Antenna	2 External Non-detachable antennas (3dBi)
Power Rating	AC 9V,1.2A
Operating Temperature	0 to 40ºC
Operating Humidity	10% ~ 90% RH non-condensing
Storage Temperature	−40 to 70ºC
Storage Humidity	5% ~ 90% RH non-condensing
Dimension (WxDxH)	160mmx102mmx30mm (6.3"x4.0"x1.2")
Gross Weight	0.99Kg
Certificate	CE, RoHS

PACKAGE CONTENTS

- W307R Wireless-N Broadband Router
- Power Adapter
- Quick Installation Guide
- CD-ROM (User Guide included)

MINIMUM REQUIREMENTS

- Internet Explorer 5.5 or Firefox 1.0 Higher
- Network Adapter
- CD-ROM Drive

Model No.:W307R
