Better Wireless Reception

Greater Coverage around Your Home or Office

Up to 150Mbps

BRIEF INTRODUCTION ❖❖

W311U Wireless N USB Adapter, based on 802.11n but backward compatible with 802.11b/g devices, is able to deliver a maximum speed of up to 150Mbps and provides a better wireless reception around your home or office. It supports PSP, NDS and Wii, enabling you to connect with Xlink Kai for online gaming.

PRODUCT FEATURES ❖❖

- ▶ 802.11n Wireless n Technology for Maximum Speed of up to 150Mbps
- ▶ Two Working Modes: Ad-hoc and Infrastructure
- ▶ WMM Guarantees Streaming Voice and Video
- ▶ Soft Access Point Supported

WHAT THIS PRODUCT DOES

Connect your desktop or laptop to a wireless network and experience a high speed web surfing, swift file transferring and streaming music and video from a greater distance around your home or office.

BENEFITS

- Upgrade your adapter transferring capability from 54Mbps to 150Mbps
- Greater signal coverage, improving connectivity
- Easy setup with Tenda setup wizard or simply web configuration
- Advanced network security by WPS, WEP, WAP and WAP2
